## CHURCHES OF CHRIST, SCIENTIST

"Doctrine of Atonement" is the subject of the Lesson-Sermon on Sunday, October 16, in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. Among the Bible selections are the words of Paul to Timothy: "Thou therefore, my son, be strong in the grace that is in Christ Jesus. . . . Consider what I say; and the Lord give thee understanding in all things. . . . But watch thou in all things, endure afflictions, do the work of an evangelist, make full proof of thy ministry. . . . I have fought a good fight, I have finished my course, I have kept the faith: henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous judge, shall give me at that day: and not to me only, but unto all them also that love his appearing. . . . A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, says: "If truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight. . . . I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love."

## Mysteries of Science to Be Lecture Topic

### Irwin Moon Bringing Much Interesting Equipment to South Lomita Church

On Thursday and Friday evening next week, Irwin Moon will deliver two remarkable lectures at South Lomita church. On October 20th his subject will be "The Telescope, the Microscope and the Bible." This lecture is illustrated with about 100 slides including some of the latest photos taken with the 100-inch telescope, and a series of photo-micrographs photographed through a compound microscope. He will also bring with him the microscopes, a telescope and some radium in which the flash of the explosion of atoms may be seen. The following evening Mr. Moon will speak on "Christ, the Light of the World." At that time he will bring the micro-projector for the polarization of light and project microscopic objects on the screen magnified more than 100,000 times in projection. He will also have with him a 20,000 volt transformer with which he will produce Ultraviolet light for the fluorescent minerals.

Mr. Moon has been in demand for these lectures at various schools. He has showed the slides in Pasadena College and to students of the junior college at Long Beach, as well as in a number of Imperial Valley high schools. He has been invited by the science department of Lincoln high school of Los Angeles to speak and demonstrate with this fascinating material. South Lomita church extends a very special invitation to the young people to avail themselves of the privilege of hearing Mr. Moon at this time. Everyone is welcome, and everyone is assured of a most interesting evening. The hour is 7:30 o'clock and the address, 2630 1/2 Redondo boulevard.

## Guitar Soloist Is Featured at Sunday Meeting

"Heaven: What Is It? Where Is It? Who Will Go There? Shall We Know Each Other There," is the sermon subject for discussion in the "Old-fashioned Religion" service to be held at the Torrance Christian church next Sunday night, October 16th, beginning at 7:30 o'clock. The subject is largely speculative, according to Rev. George Elder, pastor of the church. "There is not a shadow of doubt in the mind of any person, I presume, but that there is a heaven, for the Bible teaches it emphatically. But there are some things concerning the matter we will never fully understand this side of the dividing line for the human mind is only finite. It shall be our purpose to discuss this vital theme in the light of God's word," said the pastor. The musical instrument to be featured in this special service, is the guitar. Lulu Cunningham, Wiltier, an artist of more than ordinary ability, will play several selections. Mr. Elder has announced that he will read the scripture lesson from the little Bible carried by his father who was a soldier in the Civil War. Mrs. May McKinley will preside at the reed organ and Mr. John Selby will line the hymns.

## W. C. T. U. Asks Dry Squad Be Replaced

Request of the Women's Christian Temperance Union that the board of supervisors replace the district attorney's dry squad was "received and filed" by the board this week. Supervisor John R. Quinn explained that the supervisors merely cut the department's budget, and elimination of that particular squad was done by Fife. The sheriff's office now has the only liquor squad.

## Electrician at Nat. Supply Breaks Leg
